

IT Hardware & Managed Services

Empower your business with Managed IT

Powered by Objective Technologies, Ethos offers a comprehensive range of services tailored to your business's unique needs.

Through partnering with Objective Technologies, we provide a range of services, including IT support, backup and disaster recovery, procurement, device-as-a-service, cyber security, advanced email protection, dark web monitoring, endpoint detection and response, security awareness training, vulnerability scanning, digital transformation, and Microsoft 365.

We pride ourselves on delivering exceptional service and tailored solutions to meet the unique needs of your business.

How we can help

1. Managed IT Services

Experience peace of mind with our managed IT services, including IT support, backup and disaster recovery, procurement, and device-as-a-service. We ensure your business remains protected and operational.

2. Cyber Security Solutions

Protect your business from cyber threats with our robust cybersecurity solutions, including advanced email protection, dark web monitoring, endpoint detection and response, and security awareness training. These solutions safeguard your valuable data and maintain business continuity.

3. Digital Transformation:

Stay ahead of the curve with our digital transformation services. Objective Technologies help businesses adapt to new advancements, enhance efficiency, and drive growth.

We can guide your business through digital transformation and unlock new opportunities for success.

5 Commitment to Cybersecurity:

We prioritise cybersecurity and protect businesses from evolving threats. Our services include email protection, dark web monitoring, endpoint detection and response, security awareness training, and vulnerability scanning.

Our services ensure your business is fully equipped with robust security measures such as firewalls, encryption, antivirus software, and intrusion detection systems to protect your data and systems from cyber threats.

4. Microsoft Solutions

Maximise productivity and collaboration with our Microsoft solutions, including Microsoft 365, Microsoft SharePoint, and Valo Intranet. With cutting-edge productivity tools, empower your team to work smarter and achieve more.

6. Strategic Planning Proactive Services

Benefit from our strategic planning and proactive services designed to optimise your IT infrastructure and drive long-term success. We work closely with you to identify opportunities for improvement and implement cost-effective solutions.

7. Microsoft 365 Health Check

Try our free Microsoft 365 Health Check service to optimize your business's Microsoft 365 usage and enhance security.

Gain actionable recommendations and a complimentary 30-minute consultation with our Microsoft expert.
